

**Information for Customers
About Latex in Zimmer Products**
(updated 8/2/2006)

Most products manufactured by Zimmer are free from natural rubber latex. If the item number is not listed below, it does not, nor has it ever, contained natural rubber latex.

Only products that either contain, or have contained in the past, natural rubber latex are listed below. If applicable, the date or lot number that the product changed to latex-free is listed as a comment. If no comment exists then the product currently contains natural rubber latex.

There are no products from the Zimmer Austin, Dental, GmbH, Spine or Trabecular Metal Technology divisions that contain natural rubber latex.

If more information is needed, please contact Zimmer, Inc., P.O. Box 708, Warsaw, IN 46580 (Attn: Regulatory Affairs), Phone: 574-267-6131.

Division	Item Number	Description	Comments
